Senator Chuck Schumer,

I am writing in your capacity as Senate minority leader. I hear that Senate Democrats are considering caving to Republicans on the spending package. That you are thinking of allowing Trump some rescissions and are not demanding a reversal of tax cuts for the richest Americans. In short, you are not using your leverage to fight for popular policies. If true, this is unconscionable and exactly why Democrats have no faith in our leadership. Say NO to any rescissions. Demand:

- A permanent extension of the ACA tax credits
- A reversal of all Medicaid cuts, and
- A reversal of tax cuts for billionaires.

Otherwise, all Democrats MUST VOTE NO.

Do the right thing. Fight back. Regain some ground and some respect.

Thanks.

Rep. Jeffries,

I am writing in your capacity as House minority leader. Please ensure the House Democrats vote no on the upcoming Continuing Resolution unless it contains provisions preventing all future rescissions codifying a permanent extension of the ACA tax credits,

reversing all Medicaid cuts, and reversing Trump's tax cuts for billionaires. These are popular policies that will help Democrats regain the respect they have lost.

Thanks.
